22  
23  
24 Plaintiffs Steve Waterbury and Kathy Bell, individually and on behalf of  
25 the proposed Classes defined below, allege as follows based upon personal  
26 knowledge as to themselves and their own experiences and, for all other matters,

1 upon information and belief, including investigation conducted by their  
2 attorneys.

3 **NATURE OF THE CASE**

4 1. Plaintiffs bring this action for themselves individually and on behalf  
5 of others similarly situated and seek damages and any other available legal or  
6 equitable remedies resulting from the illegal actions of defendants A1 SOLAR  
7 POWER INC., AMERICAN PRO ENERGY, and DOES 1 through 20, in  
8 negligently knowingly, and/or willfully contacting Plaintiffs on Plaintiffs'  
9 cellular telephone(s) and for making repeated, unsolicited calls to landline  
10 telephones with telephone numbers listed on the National Do Not Call Registry  
11 in violation of the Telephone Consumer Protection Act, 47 U.S.C. § 227, *et seq.*  
12 ("TCPA"), thereby invading Plaintiffs' privacy.

13 **JURISDICTION & VENUE**

14 2. Jurisdiction is proper under 28 U.S.C. § 1332(d)(2) because  
15 Plaintiffs, Waterbury and Bell, are both residents of San Diego, California, and  
16 seek relief on behalf of a Class, which will likely result in at least one class  
17 member belonging to a different state than that of Defendant A1 SOLAR  
18 POWER INC., a company with its principal place of business at 15025 Oxnard  
19 Street, Suite 200, Van Nuys, California 91411, and Defendant AMERICAN PRO  
20 ENERGY, a business entity with its principal place of business at 5632 Van  
21 Nuys Boulevard, Van Nuys, California, 91401. Plaintiffs also seek up to  
22 \$1,500.00 in damages for each call in violation of the TCPA, which, when  
23 aggregated among a proposed class in the thousands, exceeds the \$5,000,000.00  
24 threshold for federal court jurisdiction. Therefore, both diversity jurisdiction and  
25 the damages threshold under the Class Action Fairness Act of 2005 ("CAFA")  
26 are present, and this Court has jurisdiction.

27 3. Venue is proper in the United States District Court for the Southern  
28 District of California pursuant to 28 U.S.C. §§ 1391(b) and 144(a) because

1 Defendants do business within the State of California and the County of San  
2 Diego. Furthermore, Plaintiffs reside within the County of San Diego, so this  
3 venue is convenient to the parties and is an appropriate venue for a civil action  
4 for damages and injunctive relief.

19 believe that Pro Energy conducted and conducts business in San Diego County.

20 8. The above named Defendants, and their subsidiaries and agents, are  
21 collectively referred to as "Defendants." The true names and capacities of the  
22 Defendants sued herein as DOE 1 through 20, inclusive, are currently unknown  
23 to Plaintiffs, who therefore sue such Defendants by fictitious names. Each of the  
24 Defendants designated herein as a DOE is legally responsible for the unlawful  
25 acts alleged herein. Plaintiffs will seek leave of Court to amend the Complaint to  
26 reflect the true names and capacities of the DOE Defendants when such identities  
27 become known.

24 National Do-Not-Call Registry.

**FIRST AMENDED COMPLAINT; DEMAND FOR JURY TRIAL**

Kristensen Weisberg, LLP  
12304 Santa Monica Blvd, Suite 100  
Los Angeles, California 90025

1           15. Defendants knowingly and willfully made automated calls without  
 2 prior express consent to the named Plaintiffs and the Class members with  
 3 automated telephone equipment.

4           ***Named Plaintiffs' Specific Factual Allegations***

5           A. Plaintiff Kathy Bell

6           16. In or around October of 2015, Defendants contacted Plaintiff Kathy  
 7 Bell on her cellular telephone at (858) 603-\*\*\*\*, in an attempt to communicate  
 8 with Plaintiff Kathy Bell regarding solar panel installation and energy services  
 9 for her home. The original calls came from what is believed to be an internet  
 10 generated spoof number starting with the area code prefix (818). Defendant is  
 11 known to use the number (818) 927-\*\*\*\*.

12           17. Defendants used an "automated telephone dialing system," as  
 13 defined by 47 U.S.C. § 227(a)(1) to place its calls to Plaintiff Kathy Bell seeking  
 14 to communicate with Plaintiff Kathy Bell regarding providing solar panel and  
 15 energy saving services to her home.

16           18. Defendants' call(s) constituted calls that were not for emergency  
 17 purposes as defined by 47 U.S.C. § 227(b)(1)(A).

18           19. Defendants' call(s) were placed to telephone numbers assigned to a  
 19 cellular telephone service for which Plaintiff Kathy Bell incurs a charge for  
 20 incoming calls pursuant to 47 U.S.C. § 227(b)(1).

21           20. Defendants never received Plaintiff Kathy Bell's "prior express  
 22 consent" to receive calls using an automated dialing system or an artificial or  
 23 prerecorded voice on his cellular telephone pursuant to 47 U.S.C. § 227(b)(1)(A).

24           B. Plaintiff Steve Waterbury

25           21. Plaintiff Steve Waterbury listed his landline telephone number (858)  
 26 569-\*\*\*\* on The National Do Not Call Registry on June 29, 2003, for the  
 27 explicit purpose of avoiding unwanted telemarketing calls.

28           ///

22. From a period beginning on or about April 17, 2015 through the present, Defendants made at least 23 unwanted calls to Plaintiff Steve Waterbury's landline telephone.

23. Plaintiff Steve Waterbury answered some of the unwanted telephone calls made by Defendants. Defendants told Plaintiff that it was a solar referral company and asked Plaintiff whether he was a homeowner and questions about his income and monthly electrical usage. Plaintiff Steve Waterbury's told Defendants on several occasions that his phone number was listed on the National Do Not Call Registry and to not telephone him again. Despite Plaintiff Steve Waterbury's specific requests that Defendants cease calling him, Defendants thereafter made repeated unwanted and harassing calls to Plaintiff's landline telephone.

24. Plaintiff Steve Waterbury did not have a prior relationship with Defendants and never directly provided Defendants with his home phone number. At no time did plaintiff ever consent to any of the calls made by Defendants to his landline telephone.

25. As a result of Defendants' intrusive phone calls, Plaintiff's right to privacy was violated and he suffered harm.

26. Defendants were aware that the above-described phone calls were and are being made to consumers like Plaintiff, who never consented to receive them and whose telephone numbers were listed on the National Do Not Call Registry.

## **CLASS ALLEGATIONS**

27. Plaintiffs bring this action individually and on behalf of all other persons similarly situated (“Class”).

28. **Class Definition:** Pursuant to Federal Rule of Civil Procedure 23, Plaintiffs bring this action as a class action on behalf of the Classes of persons defined as follows:

Kristensen Weisberg, LLP  
12304 Santa Monica Blvd, Suite 100  
Los Angeles, California 90025

1                   **First And Second Claims for Relief:**

2                   29. Plaintiff Kathy Bell represents, and is a member of the Class,  
3 consisting of all persons within the United States who received any telephone  
4 call from Defendants to said person's cellular telephone made through the use of  
5 any automatic telephone dialing system or an artificial or prerecorded voice and  
6 such person had not previously not provided their cellular telephone number to  
7 Defendants within the four years prior to the filing of this Complaint.

8                   **Third Claim for Relief:**

9                   30. Plaintiff Steve Waterbury represents, and is a member of the Class  
10 consisting of all persons in the United States whom received more than one  
11 telephone call made by or on behalf of Defendants within any 12 month period  
12 on a telephone number that had been registered with the National Do Not Call  
13 Registry for at least thirty days at the time of such calls and for whom  
14 Defendants had no current record of express written consent to place such calls at  
15 the time that the calls were made within the four years prior to the filing of this  
16 Complaint.

17                   31. Excluded from the Classes are governmental entities, Defendants,  
18 any entity in which Defendants have a controlling interest, and Defendants'  
19 officers, directors, affiliates, legal representatives, employees, co-conspirators,  
20 successors, subsidiaries, and assigns. Also excluded from the Class are any  
21 judges, justices or judicial officers presiding over this matter and the members of  
22 their immediate families and judicial staff.

23                   32. This action is properly maintainable as a class action. This action  
24 satisfies the numerosity, typicality, adequacy, predominance and superiority  
25 requirements for a class action.

26                   33. **Numerosity:** The proposed Classes are so numerous that individual  
27 joinder of all members is impracticable. Due to the nature of the trade and  
28 commerce involved, Plaintiff does not know the number of members in the

1 Class, but believes the Class members number in the thousands, if not more.  
2 Plaintiff alleges that the Class may be ascertained by the records maintained by  
3 Defendants.

4 34. Plaintiff Kathy Bell and members of the Class were harmed by the  
5 acts of Defendant(s) in at least the following ways: Defendant(s) illegally  
6 contacted Plaintiff and Class members via their cellular telephones thereby  
7 causing Plaintiff and Class members, without their "prior express consent," to  
8 incur certain charges or reduced telephone time for which Plaintiff and Class  
9 members had previously paid by having to retrieve or administer message(s) left  
10 by Defendant during those illegal calls, and invading the privacy of said Plaintiff  
11 and Class members.

12 35. Plaintiff Steve Waterbury and members of the Class were harmed  
13 by the acts of Defendant(s) in at least the following ways: Defendant(s) illegally  
14 contacted Plaintiff and Class members more than once in a 12 month period on  
15 numbers that had been registered with the National Do Not Call Registry for at  
16 least thirty (30) days at the time of such calls, without "prior express consent", in  
17 violation of Plaintiff and the Class members' right to privacy.

18 36. **Common Questions of Law and Fact Predominate:** There are  
19 only a few legal and factual issues to determine if there is liability under the  
20 TCPA and for each of those questions of law and fact, common issues to the  
21 Class predominate over any questions that may affect individual Class members,  
22 in that the claims of all Class members for each of the claims herein can be  
23 established with common proof. Common questions of fact and law include, but  
24 are not limited to, the following:

25 (a) Whether, within the four years prior to the filing of this  
26 Complaint, Defendant(s) made any calls (other than a call made  
27 for emergency purposes or made with the prior express consent  
28 of the called party) to a Class member using any automated

dialing system or an artificial or prerecorded voice to any telephone number assigned to a cellular telephone service;

- (b) Whether, within the four years prior to the filing of this Complaint, Defendant(s) systematically made repeated telephone calls to members of the Class at telephone numbers listed on the National Do Not Call Registry and for whom Defendant(s) did not have a current record of express written consent to make such telephone calls.
- (c) Whether Plaintiffs and the Class members were damaged thereby, and the extent of the statutory damages for each such violation; and
- (d) Whether the Defendant(s) should be enjoined from engaging in such conduct in the future.

37. **Typicality:** Plaintiffs' claims are typical of the claims of members of the Class, as Plaintiffs were subject to the same common course of conduct by Defendant(s) as all Class members. The injuries to each member of the Class were caused directly by Defendant(s)' wrongful conduct as alleged herein.

38. **Adequacy of Representation:** Plaintiffs will fairly and adequately represent and protect the interests of the Class. Plaintiffs have retained counsel with substantial experience in handling complex class action litigation. Plaintiffs and their counsel are committed to prosecuting this action vigorously on behalf of the Class and have financial resources to do so.

39. **Superiority of Class Action:** A class action is superior to other available methods for the fair and efficient adjudication of the present controversy. Class members have little interest in individually controlling the prosecution of separate actions because the individual damage claims of each Class member are not substantial enough to warrant individual filings. In sum, for many, if not most, Class members, a class action is the only feasible

1 mechanism that will allow them an opportunity for legal redress and justice.  
2 Plaintiffs are unaware of any litigation concerning the present controversy  
3 already commenced by members of the Class. The conduct of this action as a  
4 class action in this forum, with respect to some or all of the issues presented  
5 herein, presents fewer management difficulties, conserves the resources of the  
6 parties and of the court system, and protects the rights of each Class member.

7       40. Moreover, individualized litigation would also present the potential  
8 for varying, inconsistent, or incompatible standards of conduct for Defendants,  
9 and would magnify the delay and expense to all parties and to the court system  
10 resulting from multiple trials of the same factual issues. The adjudication of  
11 individual Class members' claims would also, as a practical matter, be  
12 dispositive of the interests of other members not parties to the adjudication, and  
13 could substantially impair or impede the ability of other Class members to  
14 protect their interests.

15       41. Plaintiffs and the members of the Class have suffered and will  
16 continue to suffer harm as a result of Defendant(s)' unlawful and wrongful  
17 conduct. Defendant(s) have acted, or refused to act, in respects generally  
18 applicable to the Class, thereby making appropriate final and injunctive relief  
19 with regard to the members of the Class as a whole.

 17 § 227, *et seq.*

18 48. As a result of Defendants' violations of 47 U.S.C. § 227, *et seq.*,
